

# Kindergarten Math Unit 1

<b>Content Area</b>	Math
<b>Unit Title/Topic</b>	Counting and Cardinality
<b>Course/Grade Level</b>	Kindergarten
<b>Unit Summary</b>	Students focus on knowing number names and counting sequence, counting to tell the number of objects, and comparing numbers.
<b>Time Frame</b>	weeks

## Desired Results

### Priority Standards:

- K.CC.4 Understand the relationship between numbers and quantities; connect counting to cardinality.  
--When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object.  
--Understand that the last number name said tells the number of objects counted. The number of objects is the same regardless of their arrangement or the order in which they were counted.  
--Understand that each successive number name refers to a quantity that is one larger.
- K.CC.5 Count to answer “how many?” questions about as many as 20 things arranged in a line, a rectangular array, or a circle, or as many as 10 things in a scattered configuration; given a number from 1-20, count out that many objects.
- K.CC.3 Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).

### Supporting Standards:

- K.CC.1 Count to 100 by ones and by tens.
- K.CC.2 Count forward beginning from a given number within the known sequence (instead of having to begin at 1).
- K.CC.6 Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies.
- K.CC.7 Compare two numbers between 1 and 10 presented as written numerals.

### Continuous Foundational Standards:

<b>Nebraska State Standard</b>	
<b>MA 0.1.1.a Count, read and write numbers 0-20.</b> <b>MA 0.1.1.c Sequence objects using ordinal numbers (first through fifth).</b> <b>MA 0.1.1.f Demonstrate relative position of whole numbers 0-10 (e.g., 5 is between 2 and 10; 7 is greater than 3).</b>
