A MESSAGE FROM THE PRINCIPAL —

ACADEMIC INTERVENTIONS

We continue to strive to implement as many academic interventions as possible for our students to help them achieve in the classroom. A few of our many interventions include the academic eligibility policy, Wednesday homework lab, an Access period, Math Strategies courses, and our ICU process. These interventions are used to give your student time and resources to complete their work and excel in the classroom. We are excited about the progress we are making but will continue to evaluate our progress. If you ever have any questions about these interventions, please contact the high school office.

ATTENDANCE POLICY

Our attendance policy at York High School states that a student is only allowed to miss a single class eight times in a semester for non-exempted absences. Exempted absences would include events such as a funeral, school activity, or an absence with a doctor's note. After eight non-exempted absences, the student will lose credit for the class. This loss of credit can be appealed to the Attendance Committee. If a student has missed school 20 times in a semester, by state law they will be referred to the county attorney for review of their excessive absenteeism.

I wanted to make sure we were all on the same page when it came to this policy. If you have any questions, please don't hesitate to contact me.

ONE-ACT PRODUCTION

What an exciting time to be a DUKE! The cast and crew for the York One-Act are venturing back to the roaring 1920's this season with their production of *The Great Gatsby*. Known as one of the great books of all time, the story primarily concerns the young and mysterious millionaire Jay Gatsby (Elias Dallmann) and his passion and obsession with the beautiful former debutante, Daisy Buchanan (Grace Sinsel). The show is written by F. Scott Fitzgerald and adapted for the stage by Simon Levy. This show does contain a strong subject matter, simulated weapons, and strobe lighting. It will be thirty minutes long.

The one-act program could not be more excited to start our competition season in November. The cast and crew has already learned a lot by studying this classic piece of literature. They can not wait to bring this story to life on the stage. The one-act team would love to have the York community come out and support our team members at every contest date. Everyone is welcome at every competition and performance. Thank you all for your continual support of this program. Go Dukes!

Sophomores, juniors, and seniors who are interested in vocational and technical areas are encouraged to visit the Counseling Office as soon as possible to begin this process and/or check with your college to ask about the related time frame for interests. Remember when applying to still select your preferred starting date as there are sometimes last-minute cancellations by others ahead of you.

NOTES FROM THE SCHOOL NURSES

Time for flu shots!

There are several places in York that offer walk-in clinics (no appointment necessary) to get your flu shots for minimal cost or some will bill to your insurance depending on your coverage. Consider having your school age child immunized this year.

The flu shot or Influenza vaccine protects you from a virus that causes symptoms like chills, fever, runny nose, sore throat, muscle pains, headache (often severe), coughing, weakness/fatigue and general discomfort. The flu shot does not keep you from getting the nausea, vomiting or diarrhea type “flu” also seen in these fall/winter/spring months. Keep in mind that the flu shot takes about 2 weeks before it is working in your body to provide protection. Influenza season may start as early as October and last as late as May with the peak usually in January and February. Your student should stay home from school with a temperature of 100 F or above.

These are some options in York for the flu shot.

Call to see when their walk-in clinics are or if you need an appointment.

Many insurances cover the cost of the shot. Depending on your circumstance you may be eligible for a free or low cost shot.

The American Psychological Association (APA) released its Stress in America™ report highlighting the stress experienced by American youth (teens ages 13-17) stating "high stress and ineffective coping mechanisms appear to be ingrained in our culture". Since the survey has begun, it has continued to find that American adults report higher stress levels than what they believe to be healthy. For example, recent results indicated that adults report that stress impacts their physical health (30 percent) and mental health (33 percent). This report, continues to drive home one important message, "we need to improve our health system to equally address both physical and mental health".

Suggestions for coping with stress for your student.

Get some sleep Between homework, activities and hanging with friends, it can be hard to get enough sleep, especially during the school week. Ideally, adolescents should get nine hours a night. To maximize your chance of sleeping soundly, cut back on watching TV or engaging in a lot of screen time in the late evening hours. Don't drink caffeine late in the day and try not to do stimulating activities too close to bedtime.

Focus on your strengths Spend some time really thinking about the things you're good at, and find ways to do more of those things. If you're a math ace, you might tutor a younger neighbor who's having trouble with the subject. If you are a spiritual person, you might volunteer at your church. If you're artistic, take a photography class. Focusing on your strengths will help you keep your stresses in perspective.

Engage in physical activity Physical activity is one of the most effective stress busters. That doesn't mean you have to go for a jog if you hate running. Find activities you enjoy and build them into your routine such as yoga, hiking, biking, skateboarding or walking. The best types of physical activities are those that have a social component. Whether you're into team sports, or prefer kayaking or rollerblading with a friend or two, you're more likely to have fun — and keep at it — if you're being active with friends.

Do things that make you happy Besides physical activities, find other hobbies or activities that bring you joy. That might be listening to music, going to the movies or drawing. Make a point to keep doing these things even when you're stressed and busy.

Talk to someone It's so much easier to manage stress when you let others lend a hand. Talk to a parent, teacher or other trusted adult. They may be able to help you find new ways to manage stress. Or they may help put you in touch with a psychologist who is trained in helping people make healthy choices and manage stress.
