**Optional York Student Computing Device Coverage Program
(AKA Chromebook Assurance)**

York Public School offers the opportunity to participate in the optional York Chromebook Assurance Program designed to protect students and families from full financial responsibility for device repairs and/or replacement.

PARTICIPATION and FEE

Total cost for participation is \$45.00 per device, per school year. Participation is indicated by and effective upon fee payment at the time of Chromebook checkout. Participation Fees are non-refundable.

CLAIMS, COVERAGE, and BENEFIT

The program covers any device assigned to the student against damage and/or loss. Damaged, lost, or stolen devices should be reported immediately. Lost or stolen devices should also be reported to school officials at one of the district locations.

Total cost of repairs or device replacement will be determined by York. The Participation Fee covers repairs up to the \$45 Participation Fee. Participants pay 50% of all repairs/replacement in excess of the \$45 Participation Fee (per the schedule of repairs and fines determined by the YPS Technology Department).

Damage as a result of gross negligence or purposeful damage **will not be covered** and the district reserves the right to discontinue participation for students with unusually high numbers of claims. Such discontinuation will be effective 30 days after notification to the student and parent/guardian.

EFFECTIVE and EXPIRATION DATES

Coverage is effective from the date of the Participation Fee payment through the date at which the device is returned in good working condition or the first student day of the next school year.

<input type="checkbox"/> Yes, I wish to opt-in to the YPS Student Chromebook Assurance Program (\$45 payable before August 31, 2023; details on page 5 of agreement)	
<input type="checkbox"/> No, I do not want to enroll in the YPS Student Chromebook Assurance Program
