ICU and Infinite Campus Reminders

York Public Schools has been using the ICU database now for several years. Here are a few reminders for parents now that the year is in full swing.

- We have an ICU lifeguard, Mrs. Johnson, that has been working with students throughout the day in study halls and lunch periods.
- Notifications: Parents should be receiving a text and email when your student is placed on the ICU list. If you would like us to change the cell number or email address, please let us know and we can get it changed.
- Notifications are NOT meant to get the student in trouble with parents. Instead, we are looking to enlist the support of the parents and ICU lifeguard to help keep the student on track.
- Grades and assignments can be checked on Infinite Campus with the parent portal link above. Please contact YHS main or guidance office for troubleshooting login issues.

FROM THE ASSISTANT PRINCIPAL/ACTIVITIES DIRECTOR'S OFFICE —

Winter Sports

The winter sports season officially begins on Monday, November 13th. If you did not compete in a fall sport, make sure you turn in your physical, NSAA consent form, and Activity Handbook form to the main office before the first day of practice. If you have any questions or need these forms, please visit the main office at the high school.

This is the time of year where students are involved in multiple activities. Please remember to communicate early and often with your coaches if you know of a conflict. While we make every effort to allow kids to participate in multiple events, there are times when students must choose one or the other.

2023 ONE-ACT PRODUCTION

DUKE One-Act is in full swing at the high school! The cast and crew for the York One-Act are venturing back to the 1930's this season with their production of *Whispers in the Hollow* by R. R. Rudy Walz. The idea of the proverbial witch has flooded the world's storybooks. In the Appalachian or Smokey Mountains, stretching from West Virginia to Mississippi, folk "magic" or tradition of using native plants to heal has been used for centuries. The first people to combine Appalachian nature and spiritual ritual were the Cherokee and Choctaw. European settlers didn't flood the early American colonies until the eighteenth century, carrying traditional folk healing practices with them from Western Europe. Throughout the years of the Spanish Inquisition, religious institutions used the term "witch" to identify someone practicing healing and ritual. When these Scottish, Irish, and English settlers arrived, they combined their traditional practices with Native American knowledge about flowers, berries, roots, and leaves native to Appalachia. Settlers from Germany and people of African descent also shared their wisdom about rituals and natural remedies. Out of this large melting pot was born a uniquely American tradition practiced mostly by familial matriarchs. Between 1860 and 1980, Appalachian women held and used knowledge about herbal and home remedies that could be used at a time when whole communities did not have access to hospitals or medical care. It was the unpaid labor of these mountain "witches" that kept communities alive. While the term "witch" is often understood today as a female magical practitioner, the term has historically been used to include individuals who did not conform to the strict norms of the day.

In the 1932 in the remote Appalachian town of Lufty, Tennessee; Rube Ayers (Elle Mallick), Kezzie Ayers (Madi Miller) and Preacher Cread Ayers (Charlie Van Gompel) are struggling with the sickness of their little girl, Lillie Ayers (Riley Philipp). In an attempt to save Lillie, a mountain woman named Gazzie Dorsey (Raima Kreifels) and her daughter Estie Dorsey (Ava Goodwin) are asked to leave their remote mountain community to help. When these mountain "witches" come down the mountain, the town revolts against the use of strangers presenting non-traditional medicine and beliefs. Fear drives Bittie Connors (Taylor Peters), Dicy Didamy (Cecilia Asti), and Marcus Elliot (Brody Booth) to lead the town against traditions that are not socially accepted or understood. The lives of Gazzie Dorsey (Raima Kreifels), Estie Dorsey (Ava Goodwin), Zeta Aurelia (Grace Uhler), Celinda Ogle (Angelina Shaw), Tipper Wallops (Emory Flynt), LeeLee Ridenour (Jordyn Harms), and Numa Gaires (Nell Chavanu) hang in the balance. Will the town accept people that are not exactly like themselves or should these "witches" be eternally banned to the mountains forever? Find out this season in our production of *Whispers in the Hollow*!

The show was directed and adapted for the stage by Becky Stahr, Paige Manley, and Clare Bierbaum. Live music was composed and will be played under the direction of Madi Miller and Boe Fraser. Sound and light design is led by Sebastian Rodriguez and Ike Colburn. Scenic design is led by Allie Colburn, Kadin Tesar, and Chris Trejo. Hair and makeup designs are led by Yanesi Gallegos and Sophia Becker. Promotions is led by Melissa Eckhart and Alexis Davis. Our costume captains are Maelynn Ericson and Carlye Philipp. The props captain is Kelsey Haack. The dance captain is Ava Goodwin. Ensemble captains are Emory Flynt and Riley Philipp. The team is working hard to lead over 100 students in this year's one-act production. The show does contain a strong subject matter, simulated weapons, fog, and strobe lighting. It will be thirty minutes long.

The one-act program could not be more excited to start our competition season in November. The cast and crew has already learned a lot by studying this historical time period and have been working hard since August. They can not wait to bring this story to life on the stage! The one-act team would love to have the York community come out and support our team members at every contest and performance possible. Thank you all for your continued support of our team. See you at the show! Go Dukes!

WAITING LIST REMINDER

Some community and vocational/technical schools may have waiting lists for students who wish to enter certain programs. Some programs could have up to a one-year waiting list. To be placed on a waiting list, a student must take the Accuplacer test, apply for admission, and be accepted into the program. Sophomores, juniors, and seniors who are interested in vocational and technical areas are encouraged to visit the Counseling Office as soon as possible to begin this process and/or check with your college to ask about the related time frame for interests. Remember when applying to still select your preferred starting date as there are sometimes last-minute cancellations by others ahead of you.

PSAT TEST RESULTS

The PSAT test was digital this year. Students should watch their email for results. If you have any questions, please feel free to contact the Counseling Office.

ASVAB TESTING

ASVAB testing will happen at YHS on Wednesday, November 15 for **all** sophomores. There is no charge for this test. This test is used for military, and it is also a great interest/strengths analysis. Juniors and seniors who indicate a desire to take this test may sign up in the counseling office in advance.

SENIOR COLLEGE VISITS

Your senior has two exempt absence days to use for college visits. We encourage students to use these days to step foot on campuses in which they are interested to get a true feeling of life there. Most of the colleges have a page on their website to set up the visit yourself. If you need assistance setting up these visits, please call Mrs. Stuhr in the counseling office. We'll be glad to help make this happen.

TENTH and NINTH GRADERS REGISTERING

Tenth graders will work individually with their counselors in November and early December to get registered for their junior year classes and review their four-year plans. Current freshmen will follow. Prior to this, each student is encouraged to look at the list of courses available which are on the school website. Course information/descriptions can be found on the school website at yorkpublic.org, Schools, High School, YHS Course Offerings, YHS Course Descriptions 2023-2024.

UPCOMING CAMPUS VISITS

We are so thankful we have the opportunity to visit college campuses once again this year! Our College Access Grant through EducationQuest has run out, but our school district also feels strongly about supporting these important opportunities and helps cover the cost of transportation when needed. Visits scheduled for the balance of the semester include: November 7 to Wayne State for all sophomores, and November 30 to Northeast Community College for interested upperclassmen.

**Influenza (or flu)** is a contagious respiratory illness caused by flu viruses. Most people with flu have mild illness and do not need medical care or antiviral drugs. If you get flu symptoms, in most cases, you should stay home and avoid contact with others except to get medical care.

Flu viruses can cause mild to severe illness, and at times can lead to death. The flu is different from a cold. The flu usually comes on suddenly.

People who have flu often feel some or all of these symptoms: Fever\* or feeling feverish/chills, cough, sore throat, runny or stuffy nose, muscle or body aches, headaches, fatigue (tiredness). Some people may have vomiting and diarrhea. This is more common in children.

\* It's important to note that not everyone with flu will have a fever.

**TAKE ANTIVIRAL DRUGS IF YOUR DOCTOR PRESCRIBES THEM!**

Antiviral drugs can be used to treat flu illness. Antiviral drugs can make illness milder and shorten the time you are sick. They also can prevent serious flu complications.

CDC recommends that antiviral drugs be used early to treat people who are very sick with the flu and people who get flu symptoms who are at high risk of serious flu complications, either because of their age or because they have a high risk medical condition.

When you are sick, limit contact with others as much as possible. Remember to cover your nose and mouth with a tissue when you cough or sneeze, and throw tissues in the trash after you use them. Stay home for at least 24 hours after your fever is gone except to get medical care or for other necessities.

\*Your fever should be gone for 24 hours without the use of a fever-reducing medicine before resuming normal activities.
