5.0 GRIEVANCE PROCEDURE:

The purpose of this grievance procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise concerning the interpretation, application, or meaning of the terms and conditions of employment in York Public Schools. An underlying principle of the grievance procedure is to ensure fair and equitable treatment to the district employees.

A. Definitions

- 1. Grievance Any claim or claims by a teacher, a group of teachers, or the association that there has been a violation, misinterpretation, or misapplication of terms and conditions of employment.
- 2. Grievant Teacher, group of teachers, or the association making the claim as provided in I.A.
- 3. Time Limits All time limits herein shall consist of teacher working days except when a grievance is submitted after the end of the school year; the time limits shall consist of all weekdays Monday through Friday. The number of days indicated at each level should be considered maximum and every effort shall be made at all levels to expedite the process. Failure of any grievant to comply with the time limits contained herein shall constitute a waiver of right of appeal to the next step. Failure of the board or its representatives to comply with the time limits at any level shall permit the grievant to appeal the grievance to the next level.
- 4. Grievance Meetings or Hearings All meetings and hearings under this procedure up to and including Step 2 shall be conducted in private and shall include only the administrator involved in the grievance, the grievant, and designated representatives. If the grievant chooses to represent himself/herself, the association shall have the right to be present as provided in Section B

of this procedure. All parties shall have the right to record the proceedings of any hearing or meeting at all formal levels of the grievance procedure. Hearings before the board shall be open or closed, at the discretion of the grievant.

B. Representatives

A grievant or administrator shall have the right to have representatives present to represent him/her at each level of the grievance procedure. Where a grievant or administrator chooses to represent himself/herself, he/she and the association may have representatives present at any meetings, hearings, appeals, or other proceedings relating to a grievance which has been formally presented. Nothing herein shall be construed as limiting the right of any teacher to discuss his/her grievance informally with his/her immediate superior and having the grievance adjusted informally. The grievant, administrator, association, and their representatives shall be notified in writing of the issue and the settlement before any settlement becomes effective. The settlement shall not be inconsistent with the terms of negotiated agreement.

Under this provision, the Board of Education recognizes the Grievance Committee of the association and its grievance representatives as parties in interest to any grievance proceedings as provided above.

C. Reprisals

No reprisals of any kind shall be taken against any employee who utilizes this grievance procedure.

D. Withdrawal of a Grievance

An employee may withdraw his/her grievance at any level of the procedure without fear of reprisal from any party. Where the association feels that the issues involved should be resolved, the association may assume the grievance at the point discontinued by the individual and process through the remainder of the procedure. If the grievance is withdrawn, written notice of the withdrawal shall be provided to all parties involved within six (6) days.

E. Advanced Step Filing

When in the view of the association a grievance affects a class or group of teachers, the association may file such grievance at Step 2 of this procedure. The grievance shall be initially filed at the level where the decision resulting in the grievance was made. Where a dispute results over the appropriate level for initial filing, the grievance may be returned to a lower level without resulting in a violation of the timelines of the procedure.

F. The Procedure

The parties believe that it is usually most desirable for an employee and his immediate superior to resolve problems through free and informal communications. When requested by the teacher, a representative of the association may assist in this resolution. However, when the grievance remains unresolved; then the grievance may be processed as follows:

- Step 1. The employee or the association may present the grievance in writing to the employee's principal who will arrange for a meeting of the parties in interest within three (3) days. The association's representative, the grievant, and his/her principal and the principal's representative shall be present for the meeting. Within two (2) days of that meeting the principal shall provide the grievant and the association with a written decision concerning the grievance.
- Step 2. If the grievance is not resolved at Step 1, the grievant or the association shall refer the grievance to the superintendent or his/her official designee within six (6) days of the receipt of the decision in Step 1. The superintendent shall arrange for a hearing with the grievant, the association's representatives, and the principal involved in the grievance to take place within five (5) days of his/her receipt of the appeal. Each party shall have the right to include in his/her representation such witnesses deemed necessary to develop the facts pertinent to the grievance. The superintendent shall have four (4) days from the date of the hearing to provide the grievant and the association his/her written decision.
- Step 3. If the grievance is not resolved at Step 2, the grievant or the association shall have six (6) days to refer the grievance in writing to the board president who shall have ten (10) days from the date the appeal is received in which to conduct a hearing on the grievance before the Board of Education. Each party shall have the right to include in its representation such witnesses as it deems necessary to develop facts pertinent to the grievance. The board will have five (5) days from the date of the hearing to notify, in writing, the grievant and the association of the board's decision.

Step 4. If the grievant or the association is not satisfied with the disposition of the grievance at Step 3, or if a written decision has not been rendered within thirty (30) days of the date at which the board should have replied, each party may notify the board, in writing, of its intent to submit the grievance to fact-finding.

Within ten (10) school days after such written notice of intent to submit the grievance to fact-finding, the Board of Education and the grievant or the association will select a fact-finding board in the following manner: One member will be selected by the Board of Education, one member by the grievant or the association, and a third member selected by the two members appointed by the parties. The Board of Education and the grievant or the association will make their selection within five (5) school days, and the third member will be selected with the five (5) remaining days. If the member appointed by each party fails to agree upon a third member within ten (10) school days after their selection, they may request the State Department of Education to submit a list of five persons to serve as members of such board. Upon receipt of such a list, the members selected by the parties shall alternately strike names until one remains and the person not stricken shall become the third member. Such a fact-finding board shall hear and review the matters relating to the dispute and shall within thirty (30) school days render a report of its decision. Such recommendations shall receive the good faith consideration of the parties as a method of settling the dispute.
